

# Physikalisch-Chemisches Kolloquium

Sommersemester 2018

Donnerstags, 17 Uhr c. t.

MN28

- 2. August 2018

T. Lenzer,  
Universität Siegen,

*"Understanding relaxation processes of charge carriers in perovskite-based thin film solar cell materials using femtosecond broadband transient absorption spectroscopy"*

T. Schäfer, April 2018

*W. Nernst.*
