Afternoon

Hiking/Walking

coffee and cake

Time for more discussions (see below)

19:00 Dinner

SUNDAY

8:15breakfast

Presentation talks of our new comrades that weren't there last year

13:15 Lunch

Back to Göttingen

Explanation about discussion time:

What we are expected to do is to form pairs, and to discuss about our mathematical interests. At the end, you will be asked to write a short text (1 to 2 pages) about what your associate told you. You will have a couple of weeks of delay to write it down, of course.

With our texts (the other people of the RTG will do it as well), we will have a nice « presentation book » for the RTG. Of course your partner can have a look at your text before it is edited, but the nice part of this activity is that it will probably be more understandable than if each of us write its own text
